

## Sonomatic Expands Its Team

Sonomatic has welcomed Tracy Anderson to the company as RAIS Division Manager (Rope Access and Inspection Services) and UK Business Development Manager.

Tracy will be responsible for the continued development and management of the RAIS division which provides conventional NDT, specialised non-core NDT and rope access services.

Tracy joins Sonomatic from ApplusRTD, where she was accountable for the Aberdeen operations base. This included management of Inspection

and Rope Access activities, both onshore and offshore, with regards to HSE, quality, profitability and efficiency.

With nearly 20 years' knowledge in the industry, Tracy is an experienced Operations Manager and Director of multi-site programs in the oil & gas industry. As Sonomatic's RAIS Division Manager and UK Business Development Manager, Tracy will be responsible for ensuring inspection activities are carried out in accordance with the relevant project standards and will provide technical expertise on NDT related enquiries, the company said.

Tracy will also be responsible for business development in the UK for Sonomatic specialist services.

*"We are pleased to hire someone of Tracy's calibre and experience," says John Lilley, General Manager of Sonomatic. "Tracy has a passion for the industry, combined with her strong ethical business principles; we know she will be a perfect fit with our company and a strong, effective leader."*
